

NOTICE OF PUBLIC MEETING

Miami-Dade County - EPA Consent Decree Regulatory & Economic Resources (RER) Department

The Division of Environmental Resources Management (DERM) will hold an informational session regarding improvements to enhance the County's efforts to reduce Fats, Oils and Grease (FOG) from entering our sewer system. This initiative is being designed to comply with the U.S. Environmental Protection Agency (EPA) Consent Decree [[Case: No. 1:12-cv-24400-FAM](#) pgs. 31-34].

The purpose of this meeting is to provide all stakeholders with information about our current FOG Control Program; and how to actively collaborate with DERM to develop an improved FOG Control Program that meets all EPA Consent Decree requirements.

Anticipated improvements also include the following operating permit types: Grease Discharge Operators (Grease Traps) and Liquid Waste Transporters.

***Wednesday, September 10, 2014
10:00-11:00 am***

Location:

**Main Library
Main Auditorium
101 W Flagler Street
Miami, FL 33130**

Reducing the discharge of FOG from Commercial and Residential properties into public sewers is a top priority for Miami-Dade County.

To improve our systems, DERM is seeking attendance and input from all stakeholders (residents, restaurant owners/workers, waste haulers, architects/engineers contractors, municipal utilities, building officials/plan examiners/inspectors, plumbers, public health officials, equipment manufacturers, etc.).

Please confirm your attendance at DERM@miamidade.gov. You can also send us your questions or concerns at the same email address or by calling 305-372-6999.
